### Bayview Sanitary Sewer and Water Infrastructure Improvements Work set to begin in August

Dear Valued Customer,

The City of Norfolk Department of Utilities is pleased to have scheduled a \$2,500,000 infrastructure improvement project in your neighborhood. The project area (shown on the map to the right) will receive new sanitary sewer and water pipes and fully resurfaced streets.

The City's contractor, Gaston Brothers Utilities, is planning to begin work in August and finish in Fall 2014. Prior to construction you may notice utility markings and survey work in the neighborhood.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with the construction. If you have any questions regarding this project, please do not hesitate to contact the City's on-site construction inspector, Rhonda Wyda. She can be reached by cell phone at 651-8433 to respond quickly. You may also contact the project manager, Rick Dempsey, at 664-6719.

The Department of Utilities appreciates your patience during this project and looks forward to providing you with improved sanitary sewer and water infrastructure.

Sincerely,

Kristen M. Lentz, P.E.

Director of Utilities
